Danielle,

Can you please meet me at my office on Wednesday, Oct. 11, at 5:30 pm after the Academic Language Workshop (mandatory for all student teaching candidates)?

And, going forward, please do not report to Dr. Mangano's seminar any more. You are now assigned to Professor Anthony for seminar; they meet in her office on Wednesdays at 4:00. We will discuss this and more at our meeting on Wednesday.

Dr. Galante,
Since there is no school Monday due to Columbus Day, I actually made plans to go out of town this weekend and I will be coming back on Monday. Could you tell me when you're in your office aside from your office hours (I know when your office hours are) and then I can see which time works best.
Thanks.
